

Starck 1

Philippe Starck's design searches for the origin of things – the simple, natural, fundamental elements of life. With his Starck 1 range, he achieved just that...and almost immediately wrote bathroom history.

With **Starck 1**, Philippe Starck and Duravit have returned to the beginnings of hygiene, body care and wellness in addition to the evolution of the bathroom. The Starck 1 toilet, bathtub and washbasin are unmistakable descendents of their historic predecessors – the bucket, tub and washbowl – even though they have been completely reinterpreted. It's great to know that something good doesn't have to be "optimized": since their market launch in 1994, all products in the range – ceramic, furniture, tubs, accessories – have been meticulously crafted by hand using the same methods. This quality is nothing less than you would expect from a modern classic like Starck 1.

Design by Philippe Starck

The Starck barrel is available in two paint finishes (85 White High Gloss and 40 Black High Gloss) and in three warm real wood veneers (96 Pear, 13 American Walnut, 24 Macassar)

(top) The purity and minimalism of the design of the Starck 1 range is as unique as the individual products: this is perhaps most noticeable with the barrel-shaped washbasin with real wood finish. Alternatively, it is also available in Black and White High Gloss. With this and the other washbasin variants in the range (left), a gentle movement sweeps through the ceramic washbowl, like a drop of water on a sheet of paper, forming a gentle recess.

(top) Majestically minimalist: the freestanding Starck 1 bathtub (with/without whirl system) combines the simplicity of a semicircle and straight line to create movement and a distinctive rim. The sleek, attractive rectangular version is also suitable for installation in wall or corner applications. **(left)** Extravagance via reduction: the wedge-shaped urinal, available both with and without cover.

(top) The metamorphosis of a bucket: whether wall-mounted or floor-standing, the Starck 1 WC and bidet boldly reflect their heritage. A geometric contrast that features a clear and consistent reduced design: the seemingly monolithic cistern with the floor-standing WC. Fitted with the stop+go button and 6-litre flushing technology, it goes easy on water but not on hygiene. This comes with a matching WC seat with the comfortable SoftClose function
